ROBLOX runs a no-sell policy that allows for players to earn "robustokens" or Robux. These tokens can be used to both purchase games, games from other users, and in-game items. It also serves as a way to gain currency for in-game purchases such as buying more slots, which helps players advance faster in the game.

In 2010, ROBLOX again added games such as: 'Mech', 'Space Age', 'Pirate Invasion' and more. The game 'Brothers in Arms' was also released on January 23, 2010. The game 'Brothers in Arms' was a multiplayer online shooter with three different game styles: Team Deathmatch, Free-for-All and Capture the Flag. On March 11, 2010 ROBLOX released the first game that successfully made it to Steam titled "Guitar Hero For ROBLOX". The success of "Guitar Hero for ROBLOX" led ROBLOX to start working on their own downloadable games.

I love roblox because it is filled with amazing games. Also, I think it needs more easy to download games and more new games. There are lots of great players that are making great games but they feel unappreciated because if there is a new update some other player comes onto their game and steals their ideas so that doesn't make them happy. I also think that there should be easier ways for players to get to private chat or opt out of chat but not everyone would like being in a public chat room which would only make them mad. I like being in a private chat room with my friends because no one else can get into the room and report us for saying bad words.

Robux are the primary currency in Roblox. They can be used to purchase a variety of clothing, accessories (such as hats and T-shirts), tools, gear (backpacks, jet packs, and recovery kits), armor (vests and helmets), vehicles, special movement abilities (for example flying or invisibility), decals (decorative symbols which can be placed on vehicles or buildings) and more. The minimum one-time purchase of Robux is US\$4.95 (\$5 Note: this price has been around since 2013 but was not posted until 2015). Many items require substantially larger sums to afford them.

Roblox has received a mix of reviews. Many reviews are negative, saying that Roblox is not appropriate for children, as it contains an abundance of violence and inappropriate language. Some parents have raised concerns that Roblox may be a potential platform for sexual predators to target children.
