The game was released on September 13th, 2018 after more than three years in development. The mobile version has been downloaded over 1 million times since its initial release and the PC versions were downloaded over a million times. Due to the lengthy development cycle of this title and the popularity of the original "Coins & Curses" game United Pixelworkers is planning to release a sequel to this title before April 2019.",

Good but needs work by MadJoeDandy on 2016/02/16 14:50 Haven't played this in a while but seems like it hasn't been updated much since iOS 8 was introduced. There are a lot of ads but not the annoying adds found in some other games. I get that you need money to keep it running but includes really not necessary. The game is fun and it's OK. It's hard to get rid of those stupid ads though",

In 2015, the game gained attention when a player won a card pack as part of a charity raffle. The player was awarded the card "MYSTIC MINE" by developer United Pixelworkers after taking part in an event via their Twitter account. Mike Miller, the developer of the mobile game, confirmed on his Twitter page that it is an actual card for sale in their store and since then has made appearances in real-world merchandise and as part of cards used in tournaments.",

In August 2017 Moon Active announced that they had signed a deal to create a "Coin Master" themed game titled "Poke Monsters World Tour". The game is also based on the successful Pokemon franchise and was designed by Moon Active in collaboration with Nintendo, The Pokemon Company and their development partner Niantic. The game is expected to be released for Android and iOS mobile devices in 2018.",

Great idea but... by Crhbxrra on 2015/06/20 20:56 I like this game but when you are done with your board there is no reason to go back to it and play again. This makes it really difficult to get more coins. The game should have a reward system that comes in every few days or something. I feel like I am just wasting time playing the same puzzles over and over without reward.",
