I love roblox because it is filled with amazing games. Also, I think it needs more easy to download games and more new games. There are lots of great players that are making great games but they feel unappreciated because if there is a new update some other player comes onto their game and steals their ideas so that doesn't make them happy. I also think that there should be easier ways for players to get to private chat or opt out of chat but not everyone would like being in a public chat room which would only make them mad. I like being in a private chat room with my friends because no one else can get into the room and report us for saying bad words.

Since August 22nd 2016, ROBLOX has started giving out special items with its gifts based on user's activity on the site. The gift's creator is put in charge of the user's activity and if they are lucky, they can get the special item that the user has been awarded. Since August 22nd, 2016, ROBLOX has given out a special hat for every new user. Every day until September 12th 2016, a new "secret" item was given out every day. On December 11th 2017, ROBLOX stopped giving out secret items at midnight (UTC+8). From December 11th to December 25th 2017, ROBLOX gave out a special item with 30 days of free VIP membership to all users who had signed up for Roblox Prime on their account in the previous year.

As of September 13th, 2018, ROBLOX has officially released the feature for all users.[86] On October 1st 2018, ROBLOX added an update which allowed players to make comments and rate their favorite games and places. The company claims that this feature was added to make it easier for players to find games that they actually enjoy playing.

For example, Jailbreak offers a premium feature which allows players to purchase more life points. As the game is free, there is no way for them to gain XP in the traditional sense. Instead of implementing XP via cash or coin drop-rates (as would be done in a game that relies on premium features), they offer more life points as a way to make it easier for players if they choose to purchase them. Free games also don't have an option of offering premium features that modify their economies or XP systems. Therefore, they usually offer only the default system as an option for non-Premium members.
