I love how you can play with your friends but I wish that it was easier to make friends, and I also think that there should be more options to choose from when it comes to picking a skin, and I also wish that there were more games with different kinds of genres like horror or even some kitty games for cute lovers.

Robux is a great currency, but there are some concerns about it, so here are the concerns about Robux that have been said through forums and complaints. Robux are very difficult to obtain in free roam as bumping players often prevents them from getting any, but it can be easily obtained at gta 5 when you go to "buy weapon" then click on the option on top where you can buy bonuses like point boost, etc.

ROBLOX has created a number of recurring events over the years. On October 23, 2012 Robotcrab had announced a new way for Roblox users to make money by selling virtual items in the Roblox catalog: the "Builders Club". Players use Roblox's in-game currency, called ROBUX, to purchase items which they can sell to other players.

Roblox had an accident with the site in early July 2011 when it was down for several days causing some players to be unable to log onto their accounts and play. The site's status was displayed as up by Roblox staff after a few days but only some experienced players were able to log on within those few days.

There also used to be a filter for chat, which blocked any text that contained profanity. However, this feature was removed due to community feedback stating that it should be up to players if they want profanity in their chat.
