There are two ways of connecting to your server: first is by using a computer directly connected to the internet through LAN (Local Area Network) port, and second is by using a mobile phone, tablet or any other device connected to the internet through WiFi or Data connection. If you choose the second option, please make sure that the username and password you have created for the account on Minecraft Bedrock Server are valid and correct. For best results, you should use a password that will not be easy for hackers to guess and change frequently. Also, please watch out for suspicious emails that inform you about your account and try to trick you into entering your username and password.",

Before you start up your Bedrock Edition server, you will be asked to select a payment method and how long the trial will last. You can either buy a 3-month, 6-month or 12-month Bedrock Edition server. The bigger package you buy, the cheaper it will be. However, when you sign up for the free trial, you can get started without purchasing anything. Just select a payment method and then create an account that will be used by people who want to play on your server. It's super easy and anyone can do it in less than 5 minutes without any problems.",

Minecraft Hack will get the job done faster than ever before! Download it now, install it on your device without any problems and start creating infinite new worlds in a snap. With infinite worlds, you'll never have to worry about running out of resources.",

We've got all the Minecraft version 1.5.2 files here for you to download and they are free of charge. If you don't know how to install anything, then this generator is for you. It will allow you to get a free limited amount of resources in your game such as wood or iron! Enjoy!",

There are lots of different chat plugins available for Bukkit servers. Some use the built in chat system, some add new commands, some even change the way you can do chat. These plugins all work differently; so it really depends on what you want your server to achieve and how much you want to spend on a plugin that will get it done for you.",
