Minecraft Servers are great for those who want to play Minecraft with friends, as there is no limit on the number of players allowed and while there are limitations on the maximum number of villagers you can build, you can place practically anything. You will need a high-speed internet connection and a few more dedicated resources than your average computer user may have, so if you are running your server on a VPS or physical machine, it is recommended that you go with an account that offers reliable bandwidth with enough RAM and CPU to keep up with the demands of all players who are online at once.",

How to Download and Install Minecraft Update 10.8 STEP 1 Download the Minecraft update 10.8 files here (for Mac). STEP 2 Download a Winrar alternative called 7zip and use it to extract the downloaded file.. STEP 3 Locate the download folder and copy over the contents of it into your Minecraft game folder located at C:\Users\YOUR_USERNAME_HERE\AppData\Roaming\minecraft\. STEP 4 Restart your computer. Your Minecraft update 10.8 world should now be ready to play! If you're having trouble installing the worlds generator, make sure you have Java installed on your computer and that it's enabled in the system settings. If you're on a Mac, make sure you run a free scan with VirusTotal to ensure there are no unwanted infections from malware that can interfere with installation of worlds generators. Enjoy!",

In Minecraft, players are able to build huge structures where they could live for days or even weeks without seeing another player on another computer unless you far away from their view range. The only way to become visible on the server is by breaking certain blocks such as fences and most trees which causes a noise that will attract other players to your location. If the player is the first one at a piece of land upon joining, then it will be owned by them. If another player sees that first person at the location and decides they want it, they can kill them and then claim ownership.",

On a positive note, the game also allows players who are unable to play due to technical issues to create their own customized server in order for them to continue playing the game with their friends. On July 8th 2021, Facepunch Studios announced that "Rust" would be rebuilt with the use of a new development engine in order to create next-generation visuals and longer-term gameplay improvements.",
