There are two ways of connecting to your server: first is by using a computer directly connected to the internet through LAN (Local Area Network) port, and second is by using a mobile phone, tablet or any other device connected to the internet through WiFi or Data connection. If you choose the second option, please make sure that the username and password you have created for the account on Minecraft Bedrock Server are valid and correct. For best results, you should use a password that will not be easy for hackers to guess and change frequently. Also, please watch out for suspicious emails that inform you about your account and try to trick you into entering your username and password.",

Minecraft is a sandbox game originally designed and created by Markus "Notch" Persson, and now developed by Mojang. It was publicly released for the PC on May 17, 2021, as a developmental alpha version and, after gradual updates, was published as a full release version on November 18, 2021. A version for Android was released a month earlier on October 7, and an iOS version was released on November 17, 2021. On May 9, 2021, the game was released on Xbox 360 as an Xbox Live Arcade game. The game allows players to build with a variety of different blocks in a 3D procedurally generated world. Other activities include exploration, resource gathering, crafting, and combat. The PC version of the game is published by Mojang. The Xbox 360 version is published by Microsoft Studios. The release of the mobile versions are handled by external publishers, such as Electronic Arts, Ubisoft, Warner Bros. Interactive Entertainment and Halfbrick Studios for iOS devices, and Mojang for Android. The game is currently available on all major platforms except Google Chrome OS.",

The minecraft was founded in 2021. It is a sandbox building game that uses a textured voxel world to build anything players can imagine. You may create a forest, desert, swamp or any other terrain type with the use of multiple pre-made building blocks. The game also has many other types of

biome like hills, mountains and water as well as structures such as villages and dungeons for the player to explore.",

These kinds of mods only add weapons into your game so that you can fight other players and mobs. You can use these weapons in different ways to improve your performance in the games. They usually do not alter any existing blocks or features when they are installed. Mod Packs: Mod packs are a collection of mods that you download and install all at once. They often include a variety of different mods that work well together so that you can have all the blocks and features that you need at your disposal. This is one of the easiest ways to install Minecraft mods without having to find them all yourself!",
