Players can build anything they want with real-world objects inside the game. You can build a castle, a spaceship, or even an entire city. And although you have a very limited space to build in the game, that's not necessarily true of the game itself. Many players find that there are never enough resources to fit their plans for how they want to play Minecraft. While this can be great fun for creative or artistic players, it can be frustrating for others who just want more materials and better crafting recipes for building more things.",

How to Download and Install Minecraft Version 1.4.6 STEP 1 Download the Minecraft version 1.4.6 files here (for Mac). STEP 2 Download the Minecraft version 1.4.6 worlds generator here (optional). STEP 3 Download a Winrar alternative called 7zip and use it to extract the downloaded file.. STEP 4 Locate the download folder and copy over the contents of it into your Minecraft game folder located at

C:\Users\YOUR_USERNAME_HERE\AppData\Roaming\.minecraft\. STEP 5 Restart your computer. Your Minecraft version 1.4.6 world should now be ready to play! To confirm, in the game settings, you should see the 'New world' button that reads "1.4". If you don't see this button, then something has not gone right - make sure you install the Minecraft worlds generator before trying again! Enjoy!",

These plugins all work differently; so it really depends on what you want your server to achieve and how much you want to spend on a plugin that will get it done for you. There are lots of different chat plugins available for Bukkit servers. Some use the built in chat system, some add new commands, some even change the way you can do chat. These plugins all work differently; so it really depends on what you want your server to achieve and how much you want to spend on a plugin that will get it done for you. read more...",
