It has also gained notoriety for its use of various Konami references including references to the "Street Fighter" series and "Magic The Gathering".
The game has been featured on the App Store multiple times as an "App of the Day" including March 28, 2017.",

Nice game by leonard1101 on 2017/12/27 22:34 I just got this game and even though I have not made much progress, it is fun to play. I like playing it at night because when you win it can be exciting. You can make all kinds of things happen with the farm and you will get better as long as you keep playing. Overall I would give it a five star rating but there are some things that should be changed one is that I would like it if we could buy more energy to play longer or if the maps were bigger so we could build more things in them. But besides that this game is fun and entertaining. I would recommend this game to anyone that likes farming or strategy games!",

The game's objective revolves around collecting coin cards for use in quests with matches to earn rewards and spin a slot machine that can lead to bonus levels, cards, or extra items in the form of coins or boosts.",

The current version of the game contains the following features: On June 3, 2016 Coin Master - Cardboard Mode received an update to implement support for iOS devices which included a new background, shutter glasses, cropping and screen rotation. Along with this came a new Cardboard Mode icon to reflect these changes. This update can be downloaded from both Google Play or directly from Apple's App Store.",

The third group of "card packs" was released on September 12, 2016. These card packs were formerly available through a special offer for 33% off the base price. This pack is the first to include cards that are usable in both games (PC and mobile). The cards were originally released as an exclusive offer for United Pixelworkers' second anniversary.",
