Good for a few hours... by Tenderly18 on 2018/06/07 01:27 I have been playing this game for over 4 years now and I kind of got used to it. But now, it is starting to get annoying. The ads are way too long and I feel like they are just there to draw my attention and make money off of people that like this game. Also, sometimes you don't get the payout you think you do for your tickets or gems. There are some things they really need to work on because otherwise the app gets pretty boring after a while."

You are able to unlock new levels by reaching certain levels of XP (experience points), with these levels being effectively allowing you to bank more fish (which cost 1 coin each), and spinning more wheels at one time. There are also achievements which can be unlocked. The achievements can range from getting a certain number of fish to completing a mini game with a certain amount of coins in the time limit. The achievement badges you earn contribute to your level, which is displayed next to your name and player ID on the stats page, and contributes 20 XP per badge. You also receive some XP each time you bank fish or spin a wheel. You are awarded coins based on how many XP you have gained throughout playing the game which can vary from 2-10 gold coins per 100XP depending on how much XP you gained that day."

The current version of the game contains the following features: On June 3, 2016 Coin Master - Cardboard Mode received an update to implement support for iOS devices which included a new background, shutter glasses, cropping and screen rotation. Along with this came a new Cardboard Mode icon to reflect these changes. This update can be downloaded from both Google Play or directly from Apple's App Store."

If you're looking for a fun and exciting game to play in your free time, then go ahead and try out Coin master game. This is a terrific online game for all ages. It's free to play and very easy to start. You'll definitely enjoy the endless hours of fun that this online game has to offer!",

It's a really good game by Smooshie on 2019/01/13 17:05 The game has great rewards and I like how it helps with your brain and teaches you math which is pretty cool because it shows you some cool patterns. The problem with this game in my opinion is that there are glitches in the app where if you get attacked your back gets "stuck" to where it can't move away from there. Also I think in my opinion of the game after you get used to it and learn all the moves it starts getting easier and boring. Also with the coins, I feel like there should be some free ways to make more money without having to pay real cash. Like when you log on or maybe even watch some videos for more coins. Overall it's a really good game."
