Builders Club Premium can be used in games greatly increasing the amount of Robux and/or XP a player earns by a given amount. If used, then Builder's Club is required to play those games. There are two types of premium features: content premium and currency premium. Content Premiums typically involves a single item or feature that changes the game mechanic, such as more life points and/or more room to build, or increased maximum health for monsters. Currency Premiums usually involve the addition of new items to the game that are only available through favorable conditions (for example, allowing players to purchase a specific item for Robux). Some Currency Premiums can also require membership in Builders Club.

Robux is the virtual currency for the game Roblox and it is used to buy a variety of items such as gear or apparel for an avatar. Roblox players can earn free robux through games, purchases or selling their creations on the site. Like I said, the free robux is a great thing to have in your account for almost everything that you need in the game. And it's also very hard to find free robux. There are other ways to get free robux, but they are very hard if not impossible to get most of them.
