Players complete a challenge and win prizes such as weapons, armor, unique items, etc - These servers are focused on playing mini games in order to win rewards. Creative Games Servers: Players can build anything they want with real-world objects inside the game.",

Players go to survival maps and try to outlast each other by surviving as long as possible without breaking blocks. Random World Servers: Players build a random world in which you aren't guaranteed the same biome behind every block. All the biomes can be accessed by "spawning" into them in survival mode through an anomaly.",

This kind of mod makes recipes for items that are used in many different ways in a game like Minecraft. You can use these recipes for items around your house so that you can make things other than what they were intended for. New Blocks and Features: These kinds of mods are used for adding new blocks into the game and modifying existing ones. They will also add new features and functionalities into the game so that you can build bigger, better, and more awesome structures than before.",

Minecraft Bedrock Edition offers a much more convenient way to play Minecraft and it's compatible with iOS, Android and Windows 10 devices. You don't need any special hardware or software in order to use your server. All you need is a mobile device to connect to it and you're ready to go. The process of starting your server is very simple and anyone can do it, so you'll be playing in no time! You can also make purchases with in-game currency for extra characters, skins and other stuff from the Minecraft Marketplace, so if you decide to buy something from there you won't have any problems or issues at all.",

These are mods that change existing world features, block types, and height levels etc. These kind of mods can be used to change everything about your game from how it looks, to how you battle other entities. These mods often replace the existing files in your Minecraft so that they can provide new blocks and changes without having to actually change your world. Weapon Mods: These kinds of mods only add weapons into your game so that you can fight other players and mobs. You can use these weapons in different ways to improve your performance in the games. They usually do not alter any existing blocks or features when they are installed.",
