I know I made this review long but please read every word because I put a lot of effort into making this review good and hopefully it can help someone. Thank you for reading and keep in mind that this is not my full opinion on Roblox it is just a suggestion to help improve the game for everyone who plays.

On May 16th, 2018, ROBLOX announced that they were updating their "Terms of Service" section of the website to disallow using custom models or code to explicitly gain any sort of advantage in-game. They also block users from uploading custom model and code files.[20]

- The fact that there are so many different games to play, it's hard to keep up with all of them. There is such a variety of games which leads to me getting easily confused on what game I was previously playing and where everything was set up. That's why I am always working on the same game over and over again.

ROBLOX released a new website design on September 1, 2018 (9:00 AM). This update changed many things to help revamp the community and also for users. It includes a revamped chat, which is shown on the right. This update added many new features such as "Continuous Games" and "Better Chat". It also added badges for various events.

Robux are the primary currency in Roblox. They can be used to purchase a variety of clothing, accessories (such as hats and T-shirts), tools, gear (backpacks, jet packs, and recovery kits), armor (vests and helmets), vehicles, special movement abilities (for example flying or invisibility), decals (decorative symbols which can be placed on vehicles or buildings) and more. The minimum one-time purchase of Robux is US\$4.95 (\$5 Note: this price has been around since 2013 but was not posted until 2015). Many items require substantially larger sums to afford them.
