Roblox has been criticized for an update they released in February 2018 that added "tattoos" to their avatars. The update was scheduled to be released on November 1, 2017, but it was delayed and finally released on February 5, 2018. This caused some users to report that they had tattoos on their avatar even though they never wanted them

Roblox has been accused of neglecting its staff and failing to offer development positions to its employees because its staff is almost entirely composed of white males, even though Roblox's community has been growing in diversity for years.

A group of Roblox players petitioned against the aforementioned avatar update for over two years before it was actually implemented. The change, in which the user could add or remove tattoos to their avatar, would allow them to earn more money as these tattoos could be sold to other players. Since some controversial tattoos were associated with this feature, some users were vehemently against the implementation of this change.
