On multiple occasions, ROBLOX has been hacked into by outside sources. In one of the more recent hacks (2012), hackers took advantage of an exploit to provide themselves with unlimited build tools in games. Users without knowledge of the exploit were forced to leave the game because the tools were infinite and other players could not stop them. This issue was not fixed until two days later. [9] ROBLOX has a rule against using bots (automated scripts that allow players to automatically perform actions) but this rule can be easily bypassed due to the fact that users are able to easily create incredibly powerful bots with simple scripting. The easier ROBLOX makes it for users to create powerful scripts, the more likely they are going to be used in botting and/or spamming games. This is one of the reasons why user-created games like "The Plaza" have been taken down.

Rated 4 out of 5 by Anonymous from Very enjoyable I love this game very much. Whenever I play it, it makes me feel like I'm in a fantasy land. It has a lot of fun games to play like the space adventures, castle defense and many others. I would say that recommended this game to anyone who likes to play on the computer or laptop or anything else with computers. Overall it's pretty good.

Lately, many of the people I know have been playing roblox games. There are a few different types of games you can play on roblox; however, the most popular type of game is called Robloxian Life (RL). In RL, you can create your own avatar with different types of clothing and hair to customize it. You then pick a place for your person to live and earn money to buy more food and other items.

The old low-quality Roblox customers could still use the old "free builder's club" system and low quality builder's club cards that would work with those box generators. This way connection and gaming would not be counted against them for their website slot time. The old low-quality builders club gives the user the ability to make games that last up to 30 days on ROBLOX. Now if the free builder's club gift card system is used in conjunction with the low quality builder's club, it will give the customer a total of up to 60 days for their web slot time. This free builder's club method will be able to help customers who had previously spent money on a high quality builders card and don't want to purchase another one. The old low-quality users would be able to use this free builder's club method and spend no money at all possibly for up to 60 days or more by using this method. The low quality gift cards could possibly be given to any customer and amass a lot of money to spend on their website. This old method could possibly be used by the customer as a way to gain some money from their time, or even as a potential way for customers to earn money without having to purchase a high quality builder's club. Therefore, if the user had one of these low-quality gift cards, they can play games on ROBLOX for extended periods of time (such as up to 60 days or more). This plugin has been discontinued due to its age and because no working source code is available. However it is possible for someone with programming experience to develop a similar free builder's club plugin. Its functionality would be the same as the original one.
