All you need to do is to follow the instructions that are provided for you. This should be more than enough for anyone out there to get started with! I would definitely recommend using this method if you are a beginner!

On November 29, 2018, ROBLOX announced that they are partnering with Spin Master which will have various toys and scripted interactivity come out in 2019. The app will be called Spin Master Stories.[51] On December 11, 2018, ROBLOX announced that it would be partnering with LEGO to put the LEGO minifigures in the game. The toys will be available as virtual items for purchase.[52]

ROBLOX is built upon a custom system that includes its own scripting language and core programming languages. While it may not be true to say that all games on ROBLOX are made with ROBLOX's scripting language, this is true of the vast majority of games on the site. The scripting language is easy to learn, but more advanced scripting calls can be difficult to implement for users who do not know the syntax or do not have the time. This has led to many third-party solutions (modification of gameplay, ROBLOX engine modifications and others) being made by experienced users so that less experienced users can get a head start in the game development process.

In ROBLOX, safety is one of the main concerns facing parents. The website can sometimes be a risky place for children because they sometimes come across people being rude, bullying, etc. [138]. ROBLOX is doing its best to make sure that its users stay safe while playing games. First, ROBLOX has safety features in place. A "report user" button is at the bottom right of every player's screen. This button appears if someone is acting rude to you in a game. Pressing it leads you to a page where you can add as much detail as you can about what happened and why it was wrong. The person reading the complaint will then investigate the situation and take necessary actions towards offending players. Players have also found ways to use this button for wrong reasons, like falsely reporting users to get them banned from playing ROBLOX.

Rated 3 out of 5 by Anonymous from Neat Interesting game where you can build your own games. Not really too into it though to be honest. I'd suggest if you want something like this get Minecraft. Rated 5 out of 5 by Anonymous from I love roblox! Roblox is the best game ever! It has a lot of stuff to do, and there is always someone to play with.
