Two employees who worked on the HR department for Roblox, Abigail Sexton and Aaron Dixon, were eventually fired for allegedly not doing their jobs properly. They both accused David Baszucki of firing them for speaking out about the issues with the company's HR department.

Roblox has been accused of being an unprofitable company that does not pay royalties to its players. One of the users who quit Roblox because of this issue is a user named "Ezthero," a former moderator for ROBLOX's forums. Some others have also left the website after they learned that ROBLOX would get more money from their games if they did not sell them. However, Roblox has said that they do pay royalties to their users but only to those with large fanbases who are able to earn a lot from their games.

The first product launched by ROBLOX was "Builders Club" on May 21, 2006 which allowed players to create 3D environments and watch other players' creations online. This product was followed by "Dance Off" on November 29, 2006. Both of these games had been in development since the launch of the website; "Dance Off" being originally named "Crazy Dance Fight". In 2007, ROBLOX launched a new line of products called "Roblox Toys". The first and only one to be released at that time was "Helicopter", which was shipped in December 2007.

ROBLOX does not allow players below the age of 13 than sign up for an account. This is because of the maturity level that ROBLOX expects all players to have. ROBLOX does not allow users to make profanity in the game and the server does not allow it, however there are many areas on the game and on their website that do, such as chat boxes in games. They have also recently added a filter button which blocks certain words from appearing in chat. This feature was created to block words that appear to be offensive and potentially harmful at times.[42]
