In addition, there are a lot of other cool features on the game that make the experience even better.

Roblox is also known for giving away free robux, tix or any other currency for a limited time. They will give these out on a special day and if you do not want to miss out on them because people are using them, then you should have just been using the free robux promo codes for ROBLOX already. These holds of the code can even be used as gifts among friends. There are very limited codes that they will give out though. If you want to be in line for one of these codes and still want to have fun, then you should always make sure that you do not use them too fast. This way, they will not release anymore codes and people will obviously lose out on having fun.

In 2010, ROBLOX updated their entire website to match the current version of their branding. The new design was made to be sharper and cleaner than the former one, and removed many visual effects that were seen as archaic and dated. A few key features of this change include a slightly larger "R", as well as a background shape for it similar to that of a "double-r", which ended up being used for every future iteration of the logo. This design is still used on the website today, albeit with variations in how it is utilized.

In 2014, ROBLOX created a partnership with the National Football League (NFL) that allowed users to make digital representations of each NFL team and play Madden NFL in-game tournaments. This has created an online community for Madden fans to play against other players across the United States and Canada. On April 30th 2018 ROBLOX released a new version of its app called Ava. Ava serves to help players craft more interesting games from their favorite video games and cartoons. ROBLOX is the only stop-motion animated game where players can make their own characters in a game and then animate them. Ava has features such as a desktop workspace, a top toolbar that allows users to interact with other Ava users, and a snap menu that allows users to snap any two blocks together to create new shapes or new objects.
