The current version of the game contains the following features: On June 3, 2016 Coin Master - Cardboard Mode received an update to implement support for iOS devices which included a new background, shutter glasses, cropping and screen rotation. Along with this came a new Cardboard Mode icon to reflect these changes. This update can be downloaded from both Google Play or directly from Apple's App Store.",

Phenomenal for five years and more by Kiki123456789 on 2017/09/22 02:35 I've had this game for 5 years and it hasn't let me down once. The only thing is I don't like how it got too big and how you have to do so many things to be able to open the cool stuff like getting more land, etc. It's really hard to get diamonds but when you do, it's okay. But you can definitely win them by watching videos and doing other things. I love this game so much.",

They're is too many ads by hannah_dew on 2018/02/01 00:08 I love this game but they are so many ad. It is very really annoying when I am just trying to pass my time and it makes me really mad. The game takes up all of the space in your phone as well. If it weren't for all of the ads this game would be a 5 star it's unfair that you make it a super hard game and then have like 50 ads after one level. I think that you should make the ads less frequent and add more features or make your levels easier if this is going to happen then please tell me so I can see your update. I am a huge fan of this game",

Coin Master: Space Invaders "(Kasegi 3: Aratanaru Jettsuu)" was released in Japan with the original "Coin Master" game in 2004. This version of the game contains new characters and enemies such as the wolf from "Puss in Boots". It was not officially released outside of Japan, though Moon Active has translated it into six different languages due to its open source nature. "Coin Master: Aratanaru Jettsuu" has received a rating of 4 out of 5 stars (out of 1 vote) from 1 user review on Google Play.",

On January 10th, 2016 United Pixelworkers released a free "Coin Master" themed virtual pinball table through Pinball Arcade game for mobile devices, IOS and Android platforms. This pinball table has over 100 levels of play including three unique modes that were never included in the original game due to time constraints The full version of the table was available for purchase to those who had previously purchased the original CoinMaster app.",
