On July 26, 2018 (6:10 PM), ROBLOX released a new game called "Roblox Experiment" for mobile. A trailer for the game was released on July 25 and made it's official release on July 26. The game is intended to be used for experimentation and research on mobile devices, as well as a temporary training tool for developers that assist in making future Roblox games/apps/experiments.

Since many online games have their own economies, it is possible to make a significant amount of money through playing those games (as well as copying others). As the economy is largely driven by player interaction, both positive and negative elements, this has led many players to claim that there is an inherent conflict of interest between game developers and users; in other words, "who pays gets spoiled?".

The canonical website for Roblox is robux.com, but many unofficial websites have been created due to the Roblox website's outdated and limited features. Some of these sites include ROBLOXHQ.com, ROBLOXFanSite.com, ROBLOXFanZone.com, ROBLOXAlbum.com, and ROBLOXFanGallery. These websites have been shut down on multiple occasions due to copyright issues or because they did not comply with the Roblox Terms of Service (ToS).[63] As of March 11, 2014, only the official website will be used for legal purposes by Roblox.

The free robux script is designed as a means for individuals to have a great time managing their Instagram feeds and other social media accounts. On the subject of Instagram, there are different posts that have been made and this is one of the reasons it is useful for an individual to use since it helps them save time from filling up their Instagram feed with the same post.

HelloRoblox is a generator that subscribes you to different YouTube channels. When you click on the Subscribe button, it will prompt you for your e-mail address. This is where they will send the free robux once you've earned enough. A video with over 50,000 views can earn you around 100 free robux, while videos with over 10 million views can give 500+ free robux!
