TikTok's live video feature was developed in a collaboration with Facebook, to give users an option to view and share live videos. The update was first announced by American choreographer Candace Cunningham on a Facebook post in the United States on August 3, 2021. Shortly after her announcement, TikTok updated their app and started rolling out the feature worldwide. The company has not yet added monetization for the feature. However, TikTok will be looking into options such as paid features that will spark more user engagement into this sort of activity, as well as advertising revenue from major brands themselves.",

On December 19, 2021, TikTok introduced a feature called "Profile Verification" in India. The feature was made to allow users to verify their identity on the app by sending their government-issued identification card number to TikTok. The company announced that the feature would show up as an option in the parental control settings of people who had verified their identities. The feature was only available for people aged 18 and over and did not verify names or email addresses. In addition, the company said it would not use the information for any other purpose other than verifying age on the platform. In an interview with NDTV, Jigar Shah, CEO and founder of TikTok said that they had not created profiles in other countries and that verification was only meant to stop people from registering without giving any information. On August 2, 2021, TikTok stopped offering the feature stating "We have received feedback from a majority of our users who do not wish to share their ID card numbers. We will continue to develop other features that can match identities using information such as phone number or email address." The company said it would continue to consider adding the feature in the future with new technology."

On December 15, 2021, the company launched a version of TikTok for Android phones. The Android version of the app is available in 150 countries. In January 2021, the company launched TikTok Studio for iPhone and iPad devices to give users a more effective way to create videos in their homes or on location. The app was announced as a part of the "TikTok Music" feature that the company launched in August 2021. It also integrates with Record Labels such as Jingle Punks, Spinnin' Records, Monstercat and Deorro's Deoretik.",

The biggest benefit for users is having a place to share their wants, needs and daily activities. Moreover, it has a feature called "FYP" that helps users answer their questions using Tiktok through text messaging. It has won numerous awards: Most Innovative Mobile App (2021), Best Entertainment App (2021) and Best Mobile Culture App (2021).",

In May 2021, a video made by Pakistani comedians surfaced on YouTube. The video was critically acclaimed in Pakistan as it made fun of men who perform stunts with several props in public places. Many young people started doing the same thing, which was considered a crime by police officers. In the same month, another video made by two Indian boys went viral on the internet that showed how they were prank calling people and asking vulgar questions.",

Musical ly has been criticized for its safety features and how it handles content; as of January 2021, the company had over 100 million worldwide users and close to three billion total video views. Safety and privacy concerns have also been raised about a number of high profile incidents within its community, including bullying, harassment, suicidal behavior, school shootings and self-harm. Teenagers and younger audiences who join Musical ly are often regarded as young, impressionable teens and young adults who are easy targets for cyberbullying; in response to this, the company has made efforts to combat this prevalent issue by investing in tools that detect bullying text or comments on an individual's account.",
