"Coins & Curses Adventures" is a spin-off game based upon the popular mobile game, "Coin Master". It is currently in development and will be released in 2018 on multiple platforms. The game will be an "RPG style" adventure game set in a fantasy world similar to the "Coin Master" universe, however it will not be based entirely around coin collecting and instead feature many new gameplay mechanics.",

Too many ads by Rachael Bajo on 2018/04/12 16:31 This game is very fun and I will have to admit that the game play is very well executed, but the amount of ads is way too much and you guys are not helping the problem at all. The ads do not get removed from your screen and you have to close them out just to use your items or do something. They also sometimes pop up when I don't want them to like before I open a shop. It is very annoying because you can't even go back without closing it out which ruins my plan every time. Another thing is that you have to wait for so long. You have to wait hours to even complete something. I know this is supposed to be some kind of strategy game but all it really does is frustrate the players because they can't even move forward because they had a bad streak of luck.",

On August 8th, 2017 United Pixelworkers announced that they would be launching a Kickstarter campaign to raise funds for additional art assets and animations for the game. On September 15th, 2017 United Pixelworkers released their Kickstarter campaign page and began accepting pledges to help support development of this title. The goal is to raise \$50,000 USD by November 5th, 2017. The campaign was funded by over \$70,000 USD on November 5th, 2017.",

On January 10, 2018 GamesBeat published an article that mentioned a new release titled "Coin Master: Poke Map" was being developed by United Pixelworkers for the iPhone. The game is available for iOS devices in beta form as of February 2018 and is free to download from the App Store. This title is an alternate version of "Coin Master" where players can view the world around them (using real location coordinates) and find loot based on their current location within the game. It also includes a newspaper titled "Coins & Curses Adventure" which is about "Coins & Curses Adventures". An article on the website says that the game was created to satisfy the desire of players for a Pokeman Go style experience with "Coin Master: Dig Deep".",

Kingdom clash, game is awesome but by awsome gamer on 2017/11/07 03:05 I am playing this game every day. It's a really fun game to play. There are some problems with it. For example the in-game chat, there are too many ads and that's not good because my friends and I play the game and one of our friends said that there were over 30 ads in one day. Never minding that other friend said she got payed 5 dollars for a survey. I mean, come on. The price of gems are so high. I want to buy a lot of stuff but the prices are expensive. Good luck making this game better!",
