On February 14, 2018, Roblox was awarded the "Best Educational App" award at the 13th Annual Lovie Awards, hosted by Institute for Family Film and Culture Education. This award recognizes family-friendly and innovative apps.

Community: Roblox has an active community of players. A group of these players have joined together to create a group called ROBLOX Users as Leaders, or RUL. This group has made several YouTube videos on what they expect the future of ROBLOX to be. For example, there was a video on RO-NT (Roblox On New Technology) which was released in 2013. The main purpose of this is to improve ROBLOX so that it can match the technological advances that have been made since 2012, including 3D technology and mobile platforms, such as Android and iOS.

Here is the link to MyRoblox. You can also find the very informative "Reddit Facts" page on the Roblox Help site as well, although it is no longer up-to-date. EDIT: This also applies to other games like Robokill, Minecraft and Terraria. Just remember where you find out important information. ;) Last edited by alyssa2789; 05-31-2019 at 05:44 AM .

Not only that, but since "Robloxian life" lasts so long, many players have to pay to charge their battery or buy power packs and if players don't have enough money to spend, they can lose interest.

In July 2012, ROBLOX released a list of their top 100 games with the most concurrent players at any one time. The list features a variety of games such as "Rage Place", "Create the Universe 2", and "Survival Games: Mine". The game with the highest number of concurrent players at the time was "Mineblox", which had over 10,000 players on it at once.
