In July 2018, Roblox had allegedly banned several high-profile creators due to the fact they made violent games. Although Roblox claims users were banned "due to improper behaviour" nothing has been proven yet. The situation is occurring in many forums and websites. In July 2018, ROBLOX put out a statement saying that they did not ban any creators, but instead were involved in a legal dispute with the people who claimed to have been banned.[82] They later said that anyone who was banned for making offensive content was "part of an organized effort by bad actors to scam our users. We have no tolerance for this behavior and we're doing everything we can to protect our community."[83]

The Free Robux promo codes for ROBLOX are offered by popular developers, companies and game developers or designers when they have an effective way of giving them value. These codes are simply provided as a way for them to make more money because they can get different types of profits. This will allow them to make more money for the different games that they have created and the ones that they will create in the future. They also want their codes to be used so many times.
