How To Download Mods – The Basics. Before downloading any kind of mod, be sure that you know exactly what kind of mod it is. Mods differ from one another in many ways and although they appear similar there are some fundamental differences as well, even if they look not yet obvious at first glance. For example, there are many different kinds of mods and these are generally divided into those that add new blocks/features to the game and others that change the game's existing rules.",

How do Minecraft hacks work? Minecraft hacked clients work by communicating with the server and saying that your character is doing certain things. Because of how minecraft was programmed, the server will just take the clients word for it. Servers need to be modified by the operator to include...

If there is one mod that is very popular among all the others, it has to be Keep Craft Mod. This mod makes it so that people keep their objects with them as they try to escape from dungeons. This is a great way for taking back some of the items in dungeons when monsters do not want to give them up. The mod is easily configurable in case you don't want the damage that it can do to your game. It also allows for a lot of new materials in your game and some new recipes. This is one of the most popular mods out there because so many people want to be able to retrieve their items after they have spent a long time gathering them in dungeons or slaying monsters. How to Download and Install Minecraft Version 1.5.2 STEP 1 Download the Minecraft version 1.5.2 files here. STEP 2 Download the Minecraft version 1.5.2 worlds generator here (optional). STEP 3 Download a Winrar alternative called 7zip and use it to extract the downloaded file.. STEP 4 Locate the download folder and copy over the contents of it into your Minecraft game folder located at C:\Users\YOUR_USERNAME_HERE\AppData\Roaming\.minecraft\. STEP 5 Restart your computer. Your Minecraft version 1.5.2 world should now be ready to play! To confirm, in the game settings, you should see the 'New world' button that reads "1.5". If you don't see this button, then something has not gone right - make sure you install the Minecraft worlds generator before trying again! Enjoy!",

What is a Minecraft Server – Minecraft Servers are many things to many people, but at their core they allow multiple players to connect and play together on a single world. Whether it is a survival server with the sole purpose of surviving in order to build something spectacular or a creative server where players come together and build whatever their minds allow, Minecraft Servers are an experience unlike any other game on the market today.",
